AMENDMENT

6/20/01  
*[Signature]*

Sir:

This is in response to the Office Action dated February 20, 2001. Please amend as follows:

IN THE SPECIFICATION:

On page 2, line 9 replace the second paragraph with the following:

Mucosal vaccines are rising in popularity on a global scale due in part to ease of administration of these vaccines as opposed to subcutaneous or other traditional means of administration, the ease in facilitating self administration of mucosal vaccines as opposed to the traditional delays associated with assembling masses of people for traditional vaccine administration, as well as the reduction and eventual elimination of hypodermic needles. An
